

How to Measure - Jacket. J.Hilburn Sportcoat

- **Sleeve Outseam** - This measurement is taken while the client is wearing the jacket, or the jacket is on a form. Measure from center back to shoulder and then down to edge of sleeve. When measuring be careful to not collapse the shoulder pad and sleeve head which will change the outseam measurement.

(CB)Back length – from the edge of Melton to hem.

Two buttons Jacket Half Waist: distance from edge of jacket below the first button to center back seam

One button Jacket Half Waist: distance from above button $1\frac{3}{8}$ " to center back seam.
